McGlinchey Stafford and the Manufactured Housing Institute (MHI) are pleased to bring you the Manufactured Housing Law Update. With content prepared by McGlinchey Stafford's nationally-recognized consumer financial services team, the Update focuses on legal and regulatory actions in the manufactured housing industry.

Welcome to the November issue of the Manufactured Housing Law Update. We hope you and your family had a wonderful Thanksgiving and that you have a joyous holiday season.

This month's Update is relatively brief, but does have some significant items of interest, including the BCFP's updated small entity compliance guides, which notes that Section 107 of S.2155 was effective in May when it was signed by the President.

Enjoy the holidays and look for future Updates after the New Year!
